

Good Morning sir,

I hope you will be fine as you know that this email i am writing for discontinuing job offer from your side as we discuss in meeting that Bumeah was facing laptop issue and you thought that same problem may be happened with me that's why you decided that in future laptop problem can occur with me and we will not be caple to do work on live project according to you.you aslo asked me to arrange a new laptop or taking laptop from EMI but both thing are not possible due to my weak financial problem

So i am giving resignation form your job offer because i can not fullfill your work need in this situation .so thank for giving this opportunity and believing on me . i hope if it will be possible than we will work together in future .
